

# **Sahdeo Pradhan, Haribol Engineering**

**Graduate of 1971 (Aeronautical Engineering)**

**Schedule of Presentation: 23<sup>rd</sup> January 2018, Seminar Room at 4.00 PM**

**Topic: Space Exploration**

Profile: After graduating from IIT Kharagpur with B.Tech. Aeronautical Engineering Degree, Mr Sahdeo Pradhan joined NAL as a research assistant. He was with NAL for about 2 years (around July 1971 thru August 1973).

He decided to go abroad for higher studies. He was admitted to Georgia Institute of Technology, Atlanta, USA with full bright research assistantship in September 1973. Though went to USA with a mind to do Ph.D., he joined the US aerospace industries after his MS in September 1974. He has been in aerospace, aircraft, rocket/space exploration industries almost all his life in the US.

After taking a retirement in 2014, he opened his own company “Haribol Engineering” and have been engaged in aerospace consulting.
