

# National Aerospace Propulsion Conference NAPC-2018

Indian Institute of Technology Kharagpur

December 17-19, 2018

## Sponsorship information brochure

The National Aerospace Propulsion Conference (NAPC) is a national conference with focus on aerospace propulsion technologies. The conference is an amalgamation of the erstwhile conducted National Propulsion Conference (NPC) and National Conference on Air-Breathing Engines (NCABE) conferences. This conference is intended to bring together the entire propulsion community spanning air-breathing and non-air-breathing propulsion. The conference will be an ideal opportunity to showcase one's research activities with peers and also foster future collaborations through networking. The first National Aerospace Propulsion Conference (NAPC-2017) was organized by Indian Institute of Technology Kanpur. The second NAPC (NAPC-2018) is being organized by Indian Institute of Technology Kharagpur.

All organizations that are involved in the field of aerospace propulsion directly or indirectly can further their name and branding by providing advertisement to the right audience. This conference will also be an excellent opportunity for companies who provide products and services that are commonly used by the propulsion community, such as hardware for flow and combustion measurements and numerical solvers for studying propulsion components, as all the attendees are expected to be using several of them.

The organizing committee for NAPC-2018 invites companies and other organizations to advertise their organization during the conference. The opportunities available are in the form of advertisement in the Book of Abstracts, exhibition booths and banners displayed at the venue and website. Additionally, more exposure may also be sought through sponsoring registration kit items, tea-break, lunch and dinner events.

The complete details about the sponsorship opportunities are shown overleaf. In order to provide sponsorship in any of the above categories, please fill the online sponsorship form here <https://goo.gl/forms/t4RrBmL9DxZNBTCJ2> (Google Form) and the conference organizers will contact you.

The following four flagship sponsorship opportunities offer a package of different benefits listed against them:
